

Parent Time

Internet Workshop

Hollybrook Schools: Wednesday 16th November @ 2pm & 7pm (in infant school hall)

The internet has become one of the most powerful tools in the world and it is here to stay. Therefore, it is important that we educate our children in a way that enables them to use the internet safely. There are more and more ways to access the internet and lots of useful information and fun to be had using it. This workshop will show you some ways to get involved and help to promote the safe, responsible and positive use of digital technology for children and young people.

In this workshop we will look at the use of social media, the 'global footprint' we leave behind on the internet and how many companies are using these in recruitment.

As part of our Parent Time series of workshops we will be holding an internet workshop at your school on:

Wednesday 16th November 2016 @ 2pm and 7pm. Please join us.

This meeting will be held in the hall at Hollybrook infant school.

Please note these sessions have been created as a result of requests from parents, please let us know that you intend to come along as they will only go ahead if there is enough demand.

Hamwic Family Support Team

I would like to attend the Internet Workshop at Hollybrook infants on Wednesday 16th November 2016

(Please tick which session you will come to)

I will come along to the 2pm session

I will come along to the 7pm session

Name: _____ Child's Name _____ Class _____
