

## Home Learning.

Thank you for all the amazing jungle home learning. We loved all the different ways you chose to present your learning.

Our new topic is 'Jack and the Beanstalk'.

We are not setting any specific home learning for this topic. However, we would like you to look at the different plants you can see in your local environment and talk to your child about what plants need grow. You could write a list/draw a picture of all the different types of plants you can see. If you have any spare seedlings that need re-potting we would be very grateful of these for our Year R garden. We are also collecting empty lemonade type bottles. We hope to spend a lot of this topic outside so please make sure your child has a sunhat and coat in school at all times.

Please keep your fingers crossed for sunshine!

Many Thanks

The Foundation Stage Team.
