

## Home Learning.

Thank you for reading regularly with your child. This really does make a difference and enables them to have more confidence in both their reading and writing.

Our new topic is 'Jungle Explorers.' For your home learning you could:

- Write a fact file about an animal from the jungle
- Create a setting in a box for a jungle animal to live in
- Design your own jungle animal
- Make a collage of a jungle animal

These are a few ideas you could use. We can't wait to see how you choose to present your learning. Please send your home learning into school on Monday 3<sup>rd</sup> April.

Remember to send in any Magic Moments. Additional sheets can be collected from the Year R entrance.

Please also complete and return the Technology questionnaire by 3/4/17.

Many Thanks

The Foundation Stage Team.
