

Home Learning.

Thank you for your 'wish you were here' home learning. The children are always proud of their work and enjoy sharing it with the class. Our next topic is Pirates and Princesses.

For your home learning you could:

- Draw and label a pirate/ princess and write a list of describing words
- Make a pirate ship or castle out of lego/ junk. Can you write instructions of how you made it?
- Become an author and write your own story about a pirate/ princess
- Read a pirate/ princess story and see how many of your HFW you can find in the book

These are a few ideas you could use. We can't wait to see how you choose to present your learning. Please send your home learning into school on Tuesday 14th February.

Remember to send in any Magic Moments. Additional sheets can be collected from the Year R entrance.

Many Thanks

The Foundation Stage Team.
