

Home Learning.

Home learning is set at least once every half term. This is related to the current topic your child is learning about. There are no right or wrong ways in which to complete the home learning. We try to give you a couple of weekends before we ask for it in. Home learning is displayed in the classroom and children are given the opportunity to share it with the rest of their class. This helps to develop their speaking and listening skills as well as feeling proud of what they have achieved.

We have sent home a book in case you wish to complete home learning in it and also as a way for us to comment and acknowledge your child's work.

You are still welcome to choose how adventurous you wish to be!

Our next topic is Rhyme Time. For your home learning you could:

- Draw a picture of your favourite nursery rhyme character
- Learn different nursery rhymes with your family. Can you teach Miss Alexander and Ms Eaglen a rhyme they don't know?
- Take a picture of you sharing a book that has rhyming words in
- Play a board game or complete a puzzle. Can you take a photo of you doing this and then talk to the class about it?

These are a few ideas you could use. We can't wait to see how you choose to present your learning. Please send your home learning in to school by Monday 17th October.
